American cavalry officers have shown real humanity in protesting against the selling of 400 cavalry horses to the Mexican government. The Americans declare that Mexican take no care of their horses and treat them cruelly. No doubt an unvoiced objection is the fear that the horses will soon fall into the hands of bandits and later be used to the damage of America.

That is a splendid institution the state is proposing to build on the site of the old Cub ball park in Chicago. The department of public welfare has secured this building site for the State Surgical Institute for Children. There it is proposed to give state aid to crippled children and the

hospital will have the services of the staff and students of the medical college of the Illinois University.

Treasurer Glass believes that the revenues of the government for the fiscal year ending next June will equal or exceed the expenditures. This is a hopeful view for those tax payers who were fearful that more revenue producing legislation might be sought by congress.

Political prophets say there are more aspirants for the presidency this year than ever before known. There will be no disadvantage to Gov. Lowden in this large field of candidates. It is interesting to note in this connection that papers east and west are acknowledging the definiteness and the growth of the Lowden boom.

THE CONSUMER PAYS.

The Chicago street car strike is on notwithstanding the tremendous effort put forth by city officials and business men to avoid the strike. In Chicago a tie-up of street car facilities means an untold amount of inconvenience and a great economic loss. Increases in wages probably will be granted and no doubt the wages are not in accord with present day living costs. Sooner or later these advances will be added to the transportation charges and the consumer, as always, pays the bill.

ALL EXPORT RECORDS BROKEN.

A remarkable jump in exports

during June brought the total for the fiscal year 1919 to more than seven billion dollars, a new record, according to a statement issued today by the Bureau of Foreign and Domestic Commerce, Department of Commerce.

The June exports are put at \$918,000,000, which exceeds the previous high record, established in April of this year, by more than \$200,000,000. The exports for June of last year were valued at \$484,000,000. Total exports for the fiscal year stand at \$7,225,000,000, as compared with \$5,920,000,000 for the fiscal year of 1918. This is more than three times the exports for 1914, the last normal year. Exports since the armistice was signed in November are estimated at about \$5,000,000,000. The excess of exports over imports for the fiscal year 1919 was \$4,129,000,000 against \$3,000,000,000 the previous year and less than \$500,000 in 1914.

Imports for June were valued at \$293,000,000, a falling off from the total of \$329,000,000 recorded for May, but an increase over the \$260,000,000 for June of the previous year. Total imports for the fiscal year just closed are placed at \$3,096,000,000, as against \$2,946,000,000 for 1918. The removal of wartime restrictions caused a decided increase in the export of gold, from less than \$2,000,000 each in April and May to \$33,000,000 in June. Gold exports for the fiscal year amounted to \$117,000,000 against \$191,000,000 for 1918. Exports of silver fell off from \$29,000,000 in May to \$13,000,000 in June, but increased from \$139,000,000 for the fiscal year 1918 to \$307,000,000 for 1919.

THREE BIG NAMES

Taft, Root and Hughes all favor the League of Nations but all declare for certain reservations. The three men named have great weight with American opinion and thousands of citizens who personally acknowledge their ignorance of the details of the League of Nations plan will now believe that "reservations" are necessary. The people believe Taft, Root and Hughes know something about national and international problems.

THE CO-OPERATIVE PLAN.

The city council has shown a broad spirit in suggesting the appointment of a citizens' committee to co-operate with the council in preparing for a bond election. Citizens who have expressed views on the city's financial problems have by a large majority agreed that a bond issue affords the only means for paying the city's debts.

Petitions were presented to the city council Monday night containing the names of several hundred persons who ask that steps be taken to prepare for a bond issue. The council in asking the appointment of the citizens' committee is consistent in its position that this is a people's administration, and also shows its recognition of the advantage shown in the plan of co-operative work of the city council and citizens committee demonstrated in the water project.

CHECKING UP ACCOUNTS

Some citizens have indicated that while favoring a bond issue, they do not believe that the city's debts should be paid without an audit of the accounts. The council has properly gone on record as favoring the proposed audit if citizens are willing to pay the expense. The suggestion of an audit is probably wise, but manifestly the city has no money with which to pay for this work.

Those who suggest an audit are not expecting to "dig up" any wrong doing, but simply argue that good business principles demand the checking up of accounts before their payment is authorized.

Rippling Rhymes By Walt Mason

Humor.

If one has humor in his make-up, he is the darling child of luck, for all the troubles life can rake up slide off like water from a duck. If humor's in your composition, you laugh where other fellows swear, and no adventure or condition can fill your bosom with despair. Ah, me! I pity some poor mortals who can not laugh at their own grief; you cannot make them think that chortles

bring to our troubles quick relief. They're always prompt to laugh at others, they see the fun in neighbors' cares; they laugh when they behold their brothers go falling nine flights of stairs. But their own grief's another matter—there's nothing humorous in that; they hand out grievous groans and splatter all kinds of tears around the flat. It is not humor that inspires you if you ha-ha at other's woes while your own trouble only tires you, and makes the well known briny flow. If you can laugh at your own troubles, you have true humor in your heart, and you can look on woes as bubbles—you have a salve for every smart.

DEATHS

Wright.
Charity Rudd Wright of 474 South Mauvaisterre street died at Passavant hospital at 10:30 o'clock Monday morning.

Deceased was born in Missouri December 26, 1899. She was united in marriage to Theodore Wright in this city January 12, 1918.

Besides her husband she leaves her parents and one sister, who resides in Louisiana, Mo.

Mrs. Wright was a member of Second Christian church and was highly regarded by all who knew her.

The remains were removed to Gillham's undertaking parlors and prepared for burial. Funeral arrangements will be announced later.

Morton.

John Francis Morton died at the family home, 716 South Main street at 3:30 o'clock Sunday afternoon after a long illness.

Deceased was the son of G. W. and Nellie C. Matthews Morton and was born in Morgan county in November, 1887. For many years he has been a resident of Canton where he was married to Miss Hilma Anderson who preceded him in death two years ago.

Mr. Morton enlisted in the recent world war and received his honorable discharge last April and since that has been in poor health. He is survived by his father, one brother, O. J. Morton of Peoria; three sisters, Mrs. James A. Norburg of Princeton, Mrs. Marie Nelson and Miss Sarah Morton of this city. He was a member of the T. P. A.

The remains were removed to the undertaking parlors of W. W. Gillham and prepared for burial. They were shipped to Canton Monday over the Burlington where funeral services will be held this morning at 10 o'clock.

Vieira.

The death of Mrs. Anna Vieira occurred Monday afternoon at 1 o'clock at Our Savior's hospital, following an illness which covered a period of many months. The deceased, who was known among her friends as "Auntie Ann," had been a resident of this city for many years. She was born in the island of Madeira seventy-five or eighty years ago, the exact date of her birth being unknown.

The deceased came to the U. S. at an early age and Springfield was her home until her marriage. Her husband, Joseph Vieira, a veteran of the Civil War, preceded in death on July 16, 1915. The deceased is survived by one sister, Mrs. Lizzie DeFreitas, and one brother, Joseph DeFreitas, both of Springfield. She is also survived by one nephew, Ernest Vieira, a resident of this city and by a number of other relatives residing in Springfield and Virginia.

Mrs. Vieira was a member of Northminster church and during all the years she was a faithful attendant at the church services. Her record for Sunday school attendance was a most unusual one, as for a period of eleven years she was present on every Sunday morning, and it was only when her health failed that she was absent from her accustomed place. Mrs. Vieira was for years leader of the Young Ladies' Missionary band and she was ever a most liberal contributor to this and other church enterprises.

For a great many years Mrs. Vieira had engaged in nursing and her services were always of the most valuable character. Her disposition was a cheerful and kindly one and during the last few months of her life when suffering was at times extreme, her spirit was ever calm and serene. Her going will be a matter of deep regret to many. The deceased was also a member of the Woman's Relief corps and in this organization she was one of the most active members.

The remains were removed to the undertaking rooms of W. W. Gillham and here they may be viewed by the friends of the deceased. The funeral arrangements have not yet been completed, awaiting the arrival of relatives.

With the Sick

Fred Craven of Pisgah who has been quite ill for some time is reported as improving in a satisfactory manner.

John Easley, the West Morgan street merchant, has been on the sick list for several days, not being able to be at his place of business since last Thursday.

CAPT. AND MRS. STUART RUSSEL IN CITY

CITIZENS PETITION FOR BOND ISSUE

Petitions Carrying Three Hundred Names Presented Monday Evening—Citizens Asked to Appear at Committee to Cooperate With City Council—Coal Bids Rejected.

Petitions carrying three hundred names were presented to the city council Monday evening asking that steps be taken to call an election for a bond issue to build a filtration plant and take care of the city's floating indebtedness.

A motion by Ald. Flynn asking that a committee of citizens be appointed to cooperate with the council in this matter was also passed.

Ald. Graff offered a motion which also was passed asking that a committee of citizens take steps toward securing competent auditors to make an audit of the city books.

Quite a number of other matters came up and were disposed of. A great deal of discussion was had as to whether the floating indebtedness should be taken care of thru a bond issue or by popular subscription.

The Proceedings.
Roll call showed all members present, Mayor Crabtree presiding.

The minutes of the last regular and special meetings were read and approved as read.

Petition carrying approximately three hundred names asking the council to take steps to call a bond issue to take up the floating indebtedness and build a filtration plant were presented and received and placed on file for future reference.

Charles Patton presented a petition asking the council to pass an ordinance for sidewalks on Webster avenue. On motion of Ald. McGinnis seconded by Ald. Cain the petition was referred to the highway committee.

A resolution was presented and adopted whereby the City of Jacksonville stipulated and agreed that the land it was proposed to appropriate for reservoir purposes belonging to John Hodges and James C. Rook and on which corn was now growing would remain in possession of the owners until November 15, 1919 in order that the crops might be cultivated and gathered. The resolution provided that the city clerk should file a certified copy in the county court.

Paving Estimate Held up
Estimate No. 1 of John E. Bhetz who is building the North Church street pavement was presented. Ald. Chapin seconded by Ald. Cain moved that the estimate be laid over for future consideration. The motion carried by a unanimous vote.

Mayor Crabtree said that complaint had been made to him by a property owner of the slow work on the North Church street pavement. He had investigated the matter and found that the Barrett company had shipped a car of tarvie July 22 from Chicago and that an effort was now being made to trace it.

The mayor also spoke of taking up the matter of beautifying the park at the Wabash passenger station. He said the company had expressed a willingness to do the work necessary if the park board should indicate what should be done.

Ald. Cain reported that signs were being prepared to place near the State School for the Blind warning motorists to drive slowly while passing the institution.

Ald. Williamson reported that there was a great deal of complaint about weeds thruout the city. It was decided to notify property owners to cut weeds or be liable to arrest under the ordinance.

A claim of Frank Vieira for \$100 for hogs sold to the garbage department was ordered paid.

Mayor Crabtree said that a mausoleum firm representative had called on him and Ald. Moore, chairman of the cemetery committee relative to building a mausoleum at Diamond Grove cemetery. Mr. Crabtree said plans had been left with him and he explained the proposition that was offered. The representative would be here next week to talk over the matter.

Ald. Chapin reported that they were waiting for a part for the big pump and that it was doubtful when it would arrive because of a strike at the Crane company plant. The alderman also reported that work was progressing on the dam. In reply to a question as to the water supply, Mr. Chapin stated that all the necessary supply was still being secured from the creek.

Sidewalk Ordinance Ordered
Ald. Williamson said that it was not possible to get all the property owners to sign a petition for a walk on the south side of West Walnut street between North Main and North West streets. The council ordered an ordinance drawn for the walk to be presented at the next meeting.

An ordinance providing for sidewalks in front of certain property on North Mauvaisterre street was given a second reading and adopted.

Citizens Asked to Cooperate
Ald. Flynn then presented a motion which in substance was that the seal of the city be presented to newspaper interviews and general talk of citizens was in favor of a bond issue that the citizens of Jacksonville either in mass meeting or otherwise select a citizen's committee of either five or seven members to cooperate with the council in preparing plans for calling an election to issue bonds for the payment of the floating indebtedness and for the building of a filtration plant.

Before the motion was put there was extended discussion by members of the council and Dr. E. F. Baker, Frank Mathews and Simon Fernandes. The motion carried.

Ald. Graff then offered a motion that the citizens be asked to appoint a committee to secure

competent auditors to audit the city's books for as far back as was thought necessary, the audit to be made at no expense to the city.

Superintendent of streets White asked the council what was going to be done with East State street. He thought that if Bretz was not going to carry out his contract, that if the specifications could be changed, that John Cherry would be willing to do the work.

Coal Bids Rejected.
At this point the council referred back to reports of committees and Ald. Chapin for the light and water committees asked that the coal bids be referred back to the council as a whole and recommended that all bids be rejected.

The council accepted the recommendation and took up the bids as a committee of the whole. Ald. Cain moved, seconded by Ald. Moore, that all bids be rejected and that the city clerk be instructed to advertise for new bids.

On roll call the motion carried by a vote of seven for, one against, Ald. McGinnis voting no. There being no further business the council on motion adjourned.

Mr. Ekstrom of Minnesota, representative of Minnesota farm lands, will be at Arenzville, July 31-Aug. 1. He can tell you about the \$8 and \$10 per acre land in Minnesota.

LEAVE FOR THE EAST

Sunday Mrs. John R. Robertson, her mother, Mrs. Julia Pierson and party left Jacksonville for the east, traveling in the Robertson Pierce Arrow car. The party included Col. and Mrs. Robertson's youngest son Eldred; Mrs. Stewart Pierson and Miss Julia Pierson of Carrollton, Miss Lizzie Keiley and Eldridge Sibert, chauffeur. The party will be in the Adirondacks for the remainder of the summer and afterward Mrs. Robertson and son and Mrs. Pierson will be established at their home, 117 Lake View avenue, Cambridge. John Robert Robertson who is now in Colorado will go to Cambridge in September and enter the preparatory school for the Harvard School of Technology.

It is a matter of regret on the part of the friends of Mrs. Robertson and Mrs. Pierson that they are not to be residents of Jacksonville for some time to come. It is the desire of Mrs. Robertson to be in the east while her sons are in school. Col. Robertson will maintain his home in Jacksonville with his mother, Mrs. John Robertson on West Lafayette avenue, and a part of his time will be spent looking after his properties in Kansas and Oklahoma, and he will make frequent trips to Cambridge.

Country roads are the real proving grounds of car quality. It is the continuous road tests to which cars are submitted by those who drive a great deal in the country that demonstrates the stamina and endurance which are vital in establishing its good reputation.

After it once proves that it has the necessary "intestinal" qualities, such a car becomes all the more desirable among buyers who appreciate its other virtues, and at the same time it establishes for itself a steady market in the rural districts.

The Liberty, for instance, is known for its many important refinements and a decided riding and driving difference. It was these qualities which first caught the fancy of city motorists.

SAW DIRIGIBLE MAKE FATAL PLUNGE

S. Green, designer, in charge of the ladies department of the Jacksonville Tailoring company, returned Monday from a ten day trip to New York and Chicago for the purpose of studying the new fall styles in ladies suits and wraps.

Mr. and Mrs. Green were in Chicago at the time of the recent appalling disaster to the "Blimp" when thirteen lives were lost. Mr. Green states that there were three of these large airships on the lake front which will take persons for a ride over the city at fifty cents each.

Mr. and Mrs. Green were sight seeing at this point and he asked Mrs. Green if she did not wish to take the ride, but she replied "Not for a thousand dollars," and as it turned out had she been willing they would have been among those aboard when the terrible accident happened.

Green took a car down town shortly before the airship left its mooring. They had reached their hotel, about three blocks distant from the scene of the disaster, and saw the airship take its fatal plunge.

Lieut. Brownlee Hubble HERE ON LEAVE

Lieut. Brownlee Hubble arrived in the city Sunday on a fifteen days' leave and is now at the home of his father, J. W. Hubble, on West State street. It was in January, 1917, that Lieut. Hubble enlisted in the officers' training school at Camp Grant. He was commissioned in April of the same year and was sent to Camp McArthur, Waco, Texas, where he was stationed for an extended period. At this camp he was associated with Lieut. Elbridge Thrapp, son of Rev. R. F. Thrapp, for a number of years pastor of Central Christian church in this city.

Last September Lieut. Hubble sailed for overseas service as a member of the 161st infantry. He was located at St. Mihiel, Toul, Metz and other important points, and did not sail for the U. S. until a comparatively recent date, reaching Camp Merritt a week ago. He expects to be discharged from the army service about August 10th.

EARL E. ROGERS RETURNS

Earl E. Rogers, who was one of the first men to volunteer from this community in the recent war, returned Sunday from overseas service. In the spring of 1917 he enlisted in Springfield with four Illinois college men—Fred Bray, Floyd Lashmet, Robert Foster and William Kline. They were sent together to Jefferson Barracks, Missouri, where they were assigned to the medical department.

From there Mr. Rogers was sent to Ft. Snelling, Minn., where he was soon made corporal, and a little later raised to the rank of sergeant. In December, 1917, he was sent overseas, and for a short time was at Blois, France, as a casual. From there he was assigned to the base hospital at St. Nazaire, France, where he served until his release a fortnight ago.

At this hospital he had supervision of transportation, having under him a number of men. His efficiency in this line won for him the promotion to sergeant, first class. The duties of the position took him to various points in a radius of an hundred miles or more out of St. Nazaire.

GREAT OLD REMEDY FOR SKIN DISEASES

S. S. S. Clears Skin of Eruptions—Drives Poison From the System

Get it fixed in your mind that skin eruptions, Scrofula, Eczema, burning, itching skin, and all skin diseases are due entirely to impure and infected blood. If the trouble was on the outside of the skin, by simply washing and keeping it clean you could obtain relief—not even ointments, lotions, and salves would be necessary. Agree with us in this belief, and your trouble can be relieved—you are entirely restored to health. S. S. S. is a purely vegetable treatment that you can secure from your own druggist—it is a blood tonic that will purify your blood and cause a most decided abatement of your

trouble, and finally make you to suffering mankind. During entirely well. Fifty years ago S. S. S. was discovered and given this period it has proven its remarkable curative properties as a blood purifier and tonic, and has relieved thousands of cases of disease caused by poor or impure blood, and chronic or inherited blood diseases. You can be relieved, but you must take S. S. S. Take it if only pimples appear, for they denote bad blood and may be followed by the sufferings from torturing skin eruptions. Therefore be sure. Don't take chances, don't use lotions. Get S. S. S. from your druggist. If yours is a special case, write for expert medical advice. Address Medical Director, 438 Swift Laboratory, Atlanta, Ga.

Ford Libel Suit Reaches Final Stage

MT. CLEMENS, Mich., July 28.—The final stage of the \$1,000,000 libel suit of Henry Ford against the Chicago Daily Tribune was reached in Judge Tucker's court here today when the defense rested and F. L. Klingensmith, vice president of the Ford Motor company took the stand as the first witness in rebuttal. The essentially pertinent portion of Mr. Klingensmith's testimony was a denial or forgetfulness of facts given in testimony by P. W. Williams, Detroit correspondent of the Tribune; John Dunnewid, assistant managing editor of the Detroit Free Press; Sidney Irwin, a Detroit lawyer, who in 1916 was an officer of the Michigan National Guard, and James S. Connors.

Williams in June, 1916 telegraphed the Tribune that the Ford company would not pay employees who went with the national guard to the Mexican border, would not hold their positions open, nor care for their dependents. He testified that he received the information over the telephone from Mr. Klingensmith. Dunnewid, Irwin and Connors also testified as to statements by Mr. Klingensmith relative to the company's attitude toward employees who joined the army. Mr. Klingensmith said he did not recall a single one of the conversations except that of Williams. He said he did not tell Williams any of the things to which the correspondent testified. "What did you tell him?" asked Attorney Alfred J. Murphy. "I don't remember," said the witness.

Other questions put to the witness were designed to establish that Edsel Ford in 1917 was es-

sential to the conduct of the Ford factories.

Attorney Elliott G. Stevenson, cross examining for the Tribune sought to show that when in 1917 John P. and Horace E. Dodge brought suit against the Ford company, to compel distribution of surplus profits, Edsel Ford ranked far below many others in the company drawing at that time \$10,000 a year as secretary of the company.

"What was your salary," asked Mr. Stevenson.

"Seventy-five thousand dollars," answered the witness. C. Howard Willis, the chief production engineer was getting \$80,000 he said. John R. Lee, Willis' chief assistant, \$50,000. Dean Marquis, head of the educational department about \$15,000, while an office manager, he hazarded, would draw ten or twelve thousand. Henry Ford's salary was \$150,000. When Edsel became vice president his salary was advanced to \$75,000, witness said. He was still on the stand at adjournment.

Back From Service

After eighteen months of strenuous work for Uncle Sam, Clarence Wolke at last has been permitted to return home. For the past year the government has relied upon him in the overhauling and repair of Liberty airplane motors. Stationed at the largest motor repair shop in France, Clarence turned out his work with a speed and exactness that surprised the experts.

Although always a mechanic, Clarence has gained such valuable experience abroad that he would not part with it for thousands of dollars. And now that he is back you will have the rare opportunity of his services for your own motor troubles. We are fortunate enough to have him stationed with us and you could not find a more convenient place to leave your car while having it overhauled. No matter what your automobile troubles may be bring them to us and we will guarantee you satisfaction.

K. OF C. HAS BIG PLAN IN OUTLINE

Peace Convention in Buffalo, August 5, 6, 7, Knights Will Take Up Work for Youth of Nation.

All work and no play makes Jack a dull boy. That has held good ever since the first Jack started to earn his living by the sweat of his high or low brow. The Knights of Columbus are coming to Jack's rescue and to Jim's and Joe's, and Tom's and Dick's and Harry's. The Knights, realizing

that the period of transition to the ways of peace spells limitless opportunity for young men of the nation are going to do their share towards extending the hands of the nation's youth to grasp an opportunity.

At the Peace Convention of the K. of C. in Buffalo, August 5, 6, and 7, a concrete program will be presented by a special committee of the K. of C. Board of Directors. This program will be framed by educational experts sitting in a weekly session in New York the week of July 27. Among these experts are some of the foremost Catholic and secular educational authorities in the country—such men as James F. Byrne, Father John J. Wynne, Edward Devine, Michael J. Downey, Joseph Scott and Dr. Edward A. Pace.

It is expected that the recommendation to the convention will take the form of a vast, free night school plan, the K. of C. Councils, of which there are over 2,000, forming the units of activity. Practical and cultural courses will be offered, and expert professional management engaged thruout.

A Ration Of

Hall, 2326 Olive St., St. Louis, Mo. Sold by druggists. Adv.

Another great enterprise to be taken up by the Supreme Convention of the K. of C. is the work of establishing recreation centers thruout the country. In Utica, N. Y., there is a model K. of C. recreation center, with every facility for athletic and gymnastic events and for extra-educational and amusement features. Many of the delegates to the Peace Convention at Buffalo will visit the Utica K. of C. center to witness the operation of the ideal K. of C. public club. In Columbus the Knights recently raised \$325,000 for a center of this description. The club in Utica cost over \$150,000.

The educational and recreational work undertaken by the Knights of Columbus is calculated to be of immense benefit to the 600,000 members of the order and to such others as take advantage of the privileges offered.

Another feature of the Peace Convention will be the emphasizing of the K. of C. attitude towards bolshevism. Supreme Knight James A. Flaherty resumed the K. of C. warfare against extreme radicalism—a fight the Knights had fought for years before the war—the moment hostilities ceased. The Knights will continue their effective campaign against anarchy.

Prominent men from all parts of the country will address the convention and every center of population on this continent generally will be represented by delegates.

LEAVE FOR WESTERN TRIP

Miss Minnie Scott left Sunday, accompanied by Mrs. William Switzer, for Colorado Springs, where both will make a visit. After a month's stay there Miss Scott will go to California to visit friends in several cities. Miss Scott was resident in California for several years and was on the coast at the time of the great earthquake. She expects to be absent from Jacksonville about three months.

Mrs. John Allyn and daughter Miss Lillian of St. Louis are expected to arrive in Jacksonville this morning and will visit with relatives in this city and in Scott county before returning to their homes.

For Itching Torture

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

COLORED SOLDIERS MADE FINE RECORD

Group of Young Men Back in Home City With Honorable Discharges.

A number of colored soldiers of Jacksonville have returned in recent days and they are glad indeed to once more be with their home friends. The city has reason to take pride in the army record made by the colored troops as they went into the service with a great deal of vim and at all times conducted themselves in a manner to win the commendation of their officers. The largest number of these colored soldiers left Jacksonville in the late summer of 1917.

On August 2, 1918 there were fifty-three young colored men left this city for army camps. A number of these men returned to Jacksonville, failing to pass the physical examination, but a greater part of them passed the tests and saw active overseas service. Practically all of the men who left here on that date and were accepted were made members of the 803rd Pioneer Infantry. They saw action at St. Mihiel and the Argonne.

Sunday and yesterday twenty-two of these veteran fighters arrived in the city, having received their honorable discharges at Camp Grant on Friday.

The men who returned are as follows: Corporals Claude Young, Raymond Stewart, Charles Frye, Arthur Taylor and Verne McCune. Privates 1st Class George Young, Arthur Corbin, Sylvester Corbin, Russell Gooch, Jesse Bebley and Robert Lewis, Battalion Clerk Joseph Barney, Bugler Oscar Weir, and Privates Leslie Harrison, Zennie Ritchie, Frank Taylor, William Douglas and Robert Meadows.

The 803rd Pioneer Infantry landed at Norfolk, Va., July 21st. They paraded in Chicago a few days ago and were entertained there.

ALL DAY MEETING AT LYNNVILLE CHURCH

Methodists Had Interesting Service Sunday—Several Ministers Took Part.

The all day meeting at Lynnville Methodist church Sunday proved a delightful occasion. In spite of the heat and dust there was a fine attendance and the program was both interesting and inspiring.

The morning sermon was by a former pastor, Rev. Grover Flannery, now of Leon, Iowa. It was an earnest message based on Peter's exhortation to be ready at all times to give "a reason of the hope that is within you." Following the sermon a Communion Service was held in which an unusually large number took part.

The ladies then took charge and served a bountiful dinner of chicken, cake and all other good things. The afternoon session opened with a spirited song service led by the pastor.

Rev. G. W. Randle of Brooklyn church gave a stirring address, urging all to do their part in the reconstruction work that now confronts us, as faithfully as the boys "over there" did theirs on the battlefields of France. He introduced his son, Lieut. Glenn Randle, who gave an interesting account of some of his experiences in France, and showed some of the souvenirs he brought home with him.

Mr. Randle's other son, Mason, who also was present, modestly declined to speak of his exploits, tho his heroic work is attested by a citation for exceptional bravery in the battle of Belleau Wood, where, with others of the medical corps, he worked continuously for 72 hours without sleep, caring for the wounded.

The closing message was by Rev. W. R. Leslie, of Centenary church, who told of the great Centenary celebration at Columbus, with its tremendous inspiration to all who will to labor more heroically than ever for the "evangelization of the world in this generation."

TRADES ASSEMBLY FAVORS BOND ISSUE

Members However Make Some Reservations in Considering Proposition—Want Municipal Plant to Sell Current.

At a recent meeting of the Trades Assembly with Pres. Wm. Hardy in the chair after extended discussion a resolution was adopted favoring a bond election in Jacksonville. However, this motion was passed with certain reservations. A number of those present contended that in event bonds are approved for the payment of outstanding indebtedness that persons who hold city warrants they have purchased at discount should refund the amount of the discount in excess of the legal rate of interest, either to the person to whom the warrant was originally issued or to the city.

In other words, it is the opinion of the assembly members that it is not fair for the holder of a warrant, purchased at a large discount with the expectation it would run for a period of years, to now receive the full face value of the warrant. The assembly also went on record as favoring some plan whereby the city shall make use of its light plant for commercial purposes and sell current to consumers.

FIVE INJURED WHEN AUTOMOBILES COLLIDE

As the result of an automobile collision on the Chapin-Meredonia road a short distance east of Bethel five men were injured Sunday afternoon. A Ford car driven by E. V. Cody came into collision with a car driven by Warren Brockhouse of Concord. The Brockhouse car is a seven passenger Velle and the driver came south from a corn field driving rapidly into the road. The car was obscured from view by the standing corn and was not seen by Cody, who was driving his car west. Just as the driveway to the cornfield was reached the big car shot out and struck the Ford squarely in the side. The force of the impact was such that the smaller car was turned completely around and save for the body and engine was a mass of wreckage.

Mr. Cody had his hand badly cut and the others injured were John Elden, Julian Shannon, Harry Ham and Charles Herbert. Of the five men in the car Ham seemed to have received the most serious injuries. He was unconscious for a time and was taken as hurriedly as possible to Mercedonia. Mr. Cody had brought the

members of the party to Jacksonville to attend the ball game.

SHOULD BE CONFINED

Tourists traveling the road near the Point church west of the city, Sunday evening, were introduced to a rare specie of motorist near the Point church corner. This individual, it is said, was whirling away the time flashing his searchlight in the faces of all motorists coming along the road, his car being stopped in front of the church the while. This sort of highway freak should have his license taken away from him as it can be safely stated that one possessing no more intelligence than such an act displays cannot be safely trusted with the driving of any kind of motor vehicle.

ANOTHER LOCAL SHOWER

Sunday afternoon motorists traveling between Rushville and Beardstown were caught in a thunderstorm which presaged a break in the July drought. However the storm was purely local and coming nearer to Beardstown the motorists were soon in the dust again. If these local showers keep up they may hit us yet.

JOY BROTHERS BUY THE MODERN GARAGE

Purchased Business from Wheeler and Sorrells and Took Possession Monday—Both Experienced in That Line of Work.

A business deal of more than ordinary importance was consummated Monday when Chester P. Joy and Donald C. Joy purchased the Modern Garage from Wheeler and Sorrells. The business will be operated under the firm name of Joy Brothers.

The deal has been under way for several days but it was not finally closed until Monday afternoon. The new owners are already in possession and are familiarizing themselves with the stock and other details of the business.

Both the new proprietors are well qualified for the conduct of the business. Chester P. Joy, the senior member of the firm graduated from Whipple academy in 1899. He then entered Purdue University from which institution he graduated in electrical engineering.

After graduating at Purdue Mr. Joy became associated with the General Electric Company. He was erecting engineer with the company and has had many years of experience in electrical apparatus and machinery. His territory was New York and Pennsylvania. Mr. Joy was in Canada when the war with Germany started. He came back to this country and did his "bit" with the Bethlehem Steel Company in government work.

Donald C. Joy, the junior member of the firm has been interested in automobiles ever since they came into use in Jacksonville. He is an expert driver and has been selling agent for a number of cars here.

He served in the Motor Transport Company during the war and in that service had charge of motor transports traveling from Detroit to the eastern sea ports. Both members of the new firm come from one of Morgan county's well known families. They command the respect of all in the community and will be cordially welcomed to the business life of the city.

Messrs. Wheeler and Sorrells, who retire from the business, purchased the Modern Garage from David Estaque in October, 1915. Since then they have added much new equipment and have increased the business substantially. Recently they acquired the building on the corner of Broadway alley and West Court street adjacent to the garage and it has been fitted up for an office and for keeping stock.

They have made a combination that worked for business success and have acquired a large clientele. When they assumed charge in 1915 they had two mechanics. Today ten men are in the mechanical department. Mr. Sorrells who is an expert mechanic has had charge of the mechanical end and Mr. Wheeler has directed the business side.

Mr. Sorrells will continue with the new firm as foreman of the machine shop thus assuring former patrons that their wants will have careful attention.

Mr. Wheeler has been compelled to retire from business

because of his health and will take an extended trip. He expects to first go to Chicago, Cleveland and New York City. Then after a brief stay here looking after his farming interests he expects to go west, his ultimate objective being California where he will spend the winter.

Both of these young men have made an enviable reputation for themselves and they retire from active business with a reputation for honest dealing with the public.

Speaking to a Journal reporter Monday C. P. Joy said that the new firm expected to maintain the high standard of service set by their predecessors and if possible to improve the service.

"In fact," Mr. Joy said, "We want to show car owners that good work can be done in a garage and be done cheaper than the owner can do it himself, even though he be a good mechanic. Service of the highest quality will be the motto of the firm."

BUILDING BIDS DEEMED TOO HIGH BY BOARD

Decided By Close Vote at Meeting Monday Night to Reject All Bids and Re-Advertise.

In executive session last night at the David Prince building the members of the board of education rejected all bids for the new high school building and moved to advertise for new bids on the proposed structure Nov. 10, 1919.

There were present President Lippincott, Secretary Pierson, Members Parker, Duncan, Hopper, Rapp, Muelhausen and Rogerson, Superintendent of schools, H. A. Perrin, and Architect J. W. Royer of Urbana.

On the vote to reject the bids, Members Pierson, Parker, Rogerson and Muelhausen voted in favor of the rejection and Members Rapp, Duncan and Hopper against it.

It was stated by members of the board who voted to reject the present bids that they believed they were too high and that bids received at a later date would show a decrease in price.

Members of the board opposed to rejecting the bids at this time believe that materials in every line are shooting skyward, that the longer the awarding a contract is deferred the higher the new high school will cost the taxpayers. They also wish the building started at once and deplore the fact that the present delay will cause nearly a year's time to be lost in seeing the edifice completed.

Mr. Chumley in his bid specified 310 days for contract completion. The other bidders made no mention as to time.

The bids for construction and for plumbing were opened shortly after 3 o'clock. There were but three bids for general construction, the lowest being by English Bros., of Champaign. Their bid was \$239,000.

Other bids were, S. G. Chumley, Jacksonville, \$307,096; Simmons-Dick Co., Bloomington, \$304,470. Bids were made in such form that the contractors had the opportunity of giving figures for certain deductions known as A, B, C, D, E, F, and G. The Chumley bid suggested that deductions approximating \$25,000 could be made. The Simmons-Dick Co. mentioned deductions approximating \$19,000 and the English Bros. Co. offered deductions of about \$29,000.

Bids on plumbing and heating were made separately and were as follows, that of Bernard Gause being the lowest:

C. C. Schureman, plumbing \$25,865; heating \$37,350; total \$63,215.

Bernard Gause, plumbing \$19,200; heating \$30,990; total \$50,190.

Jacksonville Plumbing & Heating Co., plumbing \$21,890; heating \$32,500; total \$54,390.

Reliable Plumbing & Heating Co., Champaign, plumbing \$24,160; heating \$36,280; total \$60,440.

CAPT. LENINGTON HERE ON FURLOUGH

Capt. George Lenington came to Jacksonville yesterday for a brief visit and will leave tonight for Saginaw, Mich., to spend a day or two with his sister before going to Camp Dix, where he is expecting an early discharge from the army.

Capt. Lenington was one of twenty chaplains of the regular army sent overseas in September, 1918, in response to an urgent request of Gen. Pershing for chaplains. Capt. Lenington had previously been commissioned as a lieutenant and immediately after arriving overseas went into the work at one of the ports. In the course of a few months he became the central chaplain and was advanced to the rank of captain. The greater part of the time he was stationed at Marseilles.

While on leave Capt. Lenington had opportunity to make several trips of inspection thru the devastated portions of France and Belgium.

JOURNAL SUBSCRIPTION RATES TO ADVANCE

Increased Production Costs Compel Change—New Schedule Effective August First.

The costs of production in the newspaper business have increased so steadily within the past few months that the Journal Company has determined that an increase in subscription rates is necessary.

Effective August 1, 1919, the subscription rates of the Daily Journal will be as follows:

In city by carrier:

Per week \$.15
One month65
3 months 1.90
6 months 3.75
One year 7.50

By mail:

3 months 1.50
6 months 3.00
One year 6.00

An advance to 12c a week was made last October with the hope that the increase in revenue would go toward meeting the larger costs of production. However, that was not the result and as the cost of newspaper publishing has continued to ascend, this further advance in price has been found necessary. A large number of papers in Illinois have previously placed their subscription price on the same scale as now announced by the Journal Company.

Newsprint, which enters so largely into the cost of newspaper production, has increased 90 per cent in the past two years. The freight rate on newspapers has increased 75 per cent. There have been increases of a similar kind in every department of production and the higher subscription prices have thus become necessary.

This somewhat extended explanation is given so that Journal subscribers may understand that the increases are not arbitrary but have come about as the result of present day conditions.

FUNERAL SERVICE TO BE HELD IN WAVERLY

William J. Haigrove Will Be Buried in Cemetery of Town Where He Lived Many Years.

Brief mention has already been made of the death of William J. Haigrove at an early hour Sunday morning.

Mr. Haigrove was the son of William and Sarah Haigrove, was born May 10th, 1832, in Troup County, Ga., near the town of West Point, and died at Passavant Hospital, Jacksonville, Ill., July 27th, 1919. He moved with his parents to Morgan County in the year 1842 and on the 27th of May, 1854 was married to Minerva Jane Whitlock, who died May 22th, 1916.

There were four children born to them, John Newton of Virden, Illinois; Charles Edwin, who was killed in a railroad accident in 1892, Elmer Ellsworth of Kansas City, Missouri, and William Nichols of Jacksonville, three of which survive him. He served over three years in the Civil War, with honorable discharge, having been a volunteer from Morgan county in the 101st Ill. Vol. He spent a greater part of his life on a farm near Waverly, Illinois, but moved from it to Waverly in 1884, where he resided until six years ago when he moved to Jacksonville to be with his son, William N. Haigrove.

Deceased was early connected with the Baptist church, but in his declining years was a member of the Methodist church, South.

Three brothers survive him, Columbus of Jacksonville; Francis, Marion of Brownsville, Nebraska and Henry Clay of Parsons, Kansas.

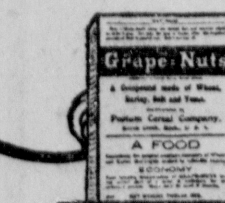

Funeral services will be held at the Methodist church, South, in Waverly, Illinois, at eight this a. m., July 29th, 1919, with burial at the East Cemetery, Waverly.

ENJOYED AUTO TRIP

Mr. and Mrs. R. R. Stevenson returned yesterday from an automobile trip covering nearly two weeks. They went from Jacksonville to Monticello, where they were joined by Misses Dora and Lizzie Scott, sisters of Mrs. Stevenson, and proceeded to Champaign for a visit at the home of their brother, Frank Scott. Afterward the tourists drove to Starved Rock in northern Illinois and also visited Deer Park. Mrs. Stevenson said that no doubt it was not so cool at Starved Rock as in Colorado, but certainly the scenery there was just as wonderful as that in the western states.

WILL CONSIDER THE DEMANDS OF BELGIUM

Commission Representing Seven Powers to Meet in Paris to Consider Belgium's Demands for Reconsideration of Treaty of 1839.

Washington, July 28.—A commission representing seven powers will meet in Paris on Tuesday, July 29 to consider the demands of Belgium for reconsideration of the treaty of 1839 by which Holland annexed the territory on the south bank of the Scheldt river and the southern part of Dutch Limburg, an elongated strip of land between Belgium and Germany, says a Belgian official announcement issued here.

In view of this meeting, the Belgian official information service has made public a statement by

Dr. A. Hebbelynck, rector emeritus of the University of Louvain reviewing the treaties under which Holland obtained possession of the disputed territory and setting forth arguments in favor of Belgium's claims.

Absolute Control of River.
Dr. Hebbelynck, who is now in New York, declares that "the contention of Belgium is that, both for the safeguard of its military security in the north and for its economical development, it must have absolute control of the southern half of the river Scheldt, which implies possession of its left bank." This left bank from the north Sea nearly to the Belgian port of Antwerp now is controlled by Holland.

Belgium, says Dr. Hebbelynck, was compelled by the treaty of 1839 to recognize Holland's sovereignty over this territory, now known as Dutch Flanders. In return Belgium was to be protected by treaties of neutrality the utility of which, he says, was demonstrated in 1914 when Germany called them "mere scraps of paper," and invaded Belgium.

Only Available Seaport.
"The experiences of 1914," continues Dr. Hebbelynck, "have made clear that unless Antwerp can never in time of war maintain its free access to the sea, unhampered by the quibbles of a neutral neighbor, the position of Antwerp is rendered indefensible for any length of time. The peril is made all the more acute by the fact that Antwerp is the only seaport available in Belgium for big ships such as army and ammunition transports."

"From the economical point of view it is an absolute necessity that Belgium obtain the right to manage without hindrance, as a sovereign and independent power, the whole water system not only of the Scheldt river from Antwerp to the sea but also of the low-lying lands of Northern Flanders and of the ship canal from Ghent to the Scheldt river at Herengracht."

"The keps of Antwerp are at present in foreign hands. Belgium claims them back on the strength of the principles of international law, today universally proclaimed."

Source of Endless Trouble.
He asserts that endless trouble arises from the manner in which Dutch government officials carry out the agreement over the use of the small harbor of Terneuzen, an outlet of the ship canal from Ghent to the sea through Dutch territory.

Expounding Belgium's claims to the southern part of Dutch Limburg, Dr. Hebbelynck asserts that Holland's possession of this territory "lays the northeastern frontier of Belgium open to all attacks because the Dutch government recognizes the impossibility to defend Limburg against an invader coming from the east."

Points Out Need of Ship Canal.
This fact, he adds, compelled Holland to let a whole German army escape through Limburg into Germany with its plunder carried from Belgium in November, 1918. The rector of Louvain also points out that Belgium needs a ship canal across Dutch Limburg in order to tap the enormous coal fields of Westphalia.

"Belgium," he concludes, "does not want to grab territory from Holland. It only craves a reconsideration of the iniquitous arrangements of 1838 to 1839 in the light of modern principles."

He points out that Holland should be compensated by obtaining from Germany the provinces of Ostriesland and Cleef which, he says, are largely inhabited by Dutch speaking people.

PLANS COMPLETED FOR HOME COMING

HORSE KILLED BY ALTON HUMMER

Animal Owned by Walter Fearney—Hough Living Southwest of City—Was Driven by Merle Summers—Latter Doesn't Know How it Happened.

Sunday morning the north bound Alton Hummer due here at 1:32 a. m., struck a horse and buggy just south of the Nichols Park. The horse was killed instantly and the buggy completely wrecked.

The first report made of the accident was by Ald. Thomas Flynn, who is section foreman for the Alton. Mr. Flynn reported the matter about 9 o'clock Sunday morning to the police department. Chief Kiloran went to the scene and found a coat in the buggy which had a registration card bearing the name of Merle Summers.

No trace of the man could be found in the vicinity. Later he was found by the police in company with Mr. Fearneyhough, owner of the horse and buggy. Summers works for Mr. Fearneyhough.

He was rather hazy as to what had happened. At first he said he might have been in the buggy when it was struck. He thought he had gone to sleep in the rig and that was the last he remembered.

However, Chief Kiloran does not believe he could have been in the buggy when the train hit and live to tell it. It is the chief's opinion that Summers probably went to sleep while driving in the park and fell out of the buggy. There is no fence at the southwest boundary of the park and the horse probably wandered on the track.

It seems strange, however, that the crew of the Hummer, if it was that train that hit the horse, did not make a report of the matter at the local office.

JUSTICE COURTS

In Justice Bayha's court Monday the case of Thomas Stevenson against Daniel McGinnis to recover a commission on an insurance policy which Mr. Stevenson alleged Mr. McGinnis owed him. The evidence developed that Mr. McGinnis had delivered the policy and taken a note for the premium. The court held that the note was payment for the policy and rendered a decision for the plaintiff in the sum of \$14.75.

This Is Better Than Laxative

One NR Tablet Each Night For A Week Will Correct Your Constipation and Make Constant Dosing Unnecessary. Try it.

Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor elimination means indigestion, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body. The result is weakness, headache, dizziness, coated tongue, inactive liver, drowsy attacks, loss of energy, nervousness, poor appetite, impoverished blood, sallow complexion, pimples, skin disease, and often times serious illness.

Ordinary laxatives, purges and cathartics—salts, oils, calomel and the like—relieve for a few hours, but no real, lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs.

Get a 25c box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will elapse before you feel and realize the fullest benefit. When you feel tightened up and feel just right, gain you need not take medicine every day—an occasional NR Tablet will then keep your system in good condition and you will always feel your best. An Engine Built for Service

A Motor Truck Engine has no easy task to perform. Most of the time it works under a pull. Its load is often increased suddenly and tremendously by road conditions. Every hill, no matter how short, every roughness of the road, compels it to extra effort. These sudden changes in the load would test the quality of the engine even if it were bolted low into a solid foundation. Consider then, the quality that must be built into an engine that gives good service day in and day out for many years while bumping along on solid tires over all kinds of streets and roads. International Motor Truck engines have just that kind of service built into them. Note the simple, sturdy appearance of the engine shown above.

Lubrication is handled by an efficient constant pressure feed system, of a kind found only on high grade, expensive engines. It wastes no oil, yet every bearing gets its full share. Working parts are protected to keep out all dust, dirt and grit.

The International engine develops ample power for any work the truck is sold to do. It is a feature of the truck, yet it is but one of many features, equally good, which have secured for International Motor Trucks a reputation to be proud of. Come in and let us show you in detail how well every part of an International is built to give its owner real motor service. There is a size and style of International Motor Truck to meet practically every hauling requirement.

INDEPENDENTS WON FROM SPRINGFIELD

Defeated Central Union Telephone Company By Score of 4 to 2—Two Home Runs by Clark Featured.

While the Independents won from the Central Union Telephone Company of Springfield Sunday by a score of 4 to 2, it was largely thru the individual work of Harry Clark, the indie catcher. In addition to making two home runs Clark was responsible for another run as Simms was in front of him when he made the first clout.

Neither team could hit the ball. Four hits each was the total and some of them were of the scratch order. About all Padgett had was his glove and he just put the ball over and let the opposing batsmen hit it fortunately it was nearly always right at somebody. On the other hand Elliott had everything, control, a good splitter, speed and curves and a good head. Aside from Clark he had the locals completely baffled.

Briggs and Ruble played a nice fielding game and Christopher again had a busy day in left field, getting six putouts. Buck Simms at first base made some great stops of poor heaves, and at the bat he looked them over and it looks like he was going to get his batting eye back.

For the visitors R. Jones, McDowell and Robertson did excellent work. While Jones was the only man able to hit Padgett effectively he getting a home run with each man on which accounted for the visitors' two runs. He also straightened out another one which Riggs pulled down in deep center.

How the Runs Were Made.
After retiring the visitors in order in the first the locals started the scoring in their half of the inning. With two down King beat out one to short and stole second. He went to third on an infield out and scored when McDowell dropped the throw.

In the second two more were added. Simms was safe on P. Jones fumble and was sacrificed to second by Cooney. Clark got Elliott in the hole and hit the second ball pitched over the fence scoring Simms ahead of him. Springfield got two of them back in the third. With two down J. Clark singled and scored when R. Jones hit one over the left field fence.

The last score was made in the fifth by the locals when Harry Clark first up spanked another of Elliott's offerings over the fence. The score:

FIND ONE BATH TUB IN 43 TENEMENTS
NEW YORK, July 26.—A housing survey of a block in East Thirty Third street made for the state reconstruction commission shows one bath tub in 43 tenement houses in which live 1,700 persons.

The bath tub is the property of a saloon keeper. It is for use by the owner and his family and comparatively few of the other 43 families on the block have ever seen it. However the fact that the bath tub is in existence is one of the neighborhood's pride.

The tenements on the block are far from over-crowded. There are 1,573 rooms for the 1,703 men, women and children. Of the children 233 are under five years of age.

DIES AS RESULT OF FOOT RACE
Urbana, Ill., July 26.—Chester A. Baird, manager elect of the 1920 track team of the University of Illinois, is dead at his home in Park Ridge, Ill., as the result of a foot race. He started to run and fell with heart failure, dying in less than three minutes. Baird was one of the best golfers at the University of Illinois.

MAKES RECOMMENDATIONS
Washington, July 26.—Measures for the protection of several of the industries which grew out of war necessity and for the repeal of the ten per cent tax on soft drinks and the Canadian reciprocity agreement were recommended today by the house ways and means committee. A tax of two cents a gallon on apple, grape and loganberry juice in lieu of the present gross tax of 10 per cent on sales was also recommended.

E. W. Hanrahan of New Berlin spent Monday in the city on business.

WOMAN LAW BREAKER IS ARRESTED

Peggy Willard, Accused of Many Law Violations, is Arrested at Muskogee, Okla. — Boasted That Law Could not Keep Her Behind Iron Bars.

Oklahoma City, Okla.,—One of the most troublesome problems United States marshals and sheriffs of the southwest have had to contend with in recent years promises to be indefinitely postponed through the arrest recently at Muskogee, Oklahoma of Maybelle Fanning, or as she is perhaps better known "Peggy Willard." Police and Bertillon records give her aliases as follows:

Lena Jackson, Dorothy West, Mrs. R. L. Green, Mrs. Bronson and Mrs. Donnelly.

Peggy's open boast has been that the law would never be able to keep her behind iron bars, and thus far it hasn't. Peggy, incidentally, has confessed to attempted murder, petty and grand larceny, diamond thieving, bootlegging and white slavery.

James Findley of the United States bureau of investigation avers the young woman has developed her "profession" to the highest degree. Police of various Texas cities insist, in written communications to Muskogee, that she paid a Texas lawyer \$500 a week to insure bond and freedom.

Peggy was first convicted of felony May 25, 1912. Police assert her "haul" of diamonds, her favorite plunder, amounted to \$100,000 on that occasion. She was paroled August 6, 1912 but later was apprehended on old indictments, and sent back to the state prison, April 19, 1913 she was sentenced to three years more, charged with assaulting with attempt to kill Lee Simonds, a Texas sheriff. She obtained her freedom by promising to testify against an alleged accomplice in this case. Her pardon was granted but she refused to testify after being released. She was tried on the white slavery charge in Oklahoma City in May, 1917. Shortly after arriving at McAlester state penitentiary she made an appeal bond and obtained freedom again. She remained at liberty until a few weeks ago when she was incarcerated at Muskogee on a charge of stealing automobile tires at Vinita, Okla. Through a jail employee's error she escaped again.

June 29 Inspector Findley received a message from Coffeyville, Kansas informing that Maybelle Fanning and her six aliases had been arrested. She is awaiting trial on the auto-tire charge at Muskogee.

Peggy Willard is about 28 years old. She is well educated and has been credited with being pretty enough to be attractive.

DOLPHIN SLAYS

SIX-FOOT SHARK

Kalveston, Texas.—How a battle-nosed dolphin, a porpoise commonly called the sea-hog, slew a six foot shark is described by fishermen who say they witnessed the killing from the causeway which connects Galveston island with the main land. The sea-hog according to the books is a "most sociable and gregarious fish" but these fishermen declared there was nothing sociable about this dolphin. When the shark was within a few feet of the porpoise the fisherman saw the sea-hog charge, a gray stroke in the water. It struck the shark squarely amidship they declare, ripped it open and then tore the body into pieces.

The theory of the fishermen is that the porpoise fought to protect its single young one, which the shark was menacing.

DISCUSS SIZE OF ARMY OF OCCUPATION

PARIS, July 26.—The size of the force required for the occupation of the Rhineland was a question under consideration by the supreme council at today's session. For the present, it is said a force of 100,000 men is likely to be considered necessary on the left bank of the Rhine. The organization of the military expedition for the occupation of Silesia during the taking of the plebiscite there also was discussed by the council. The participation of American troops in this work, however, depends upon ratification of the peace treaty. It is pointed out, as in case of unfavorable action there no longer would exist a reason for the presence of Americans with the allied troops. In any case, it is considered probable that the proportion of Americans in the expedition will be comparatively small.

REPORT U. S. SOLDIERS MARRY GERMAN GIRLS

COBLENZ, Thursday, July 24.

By The Associated Press.—Reports of marriages between American soldiers and German girls have been received at headquarters from various parts of the occupied area during the past few days but as yet no charges have been filed against any of the men as it is believed most of the marriages were due to misunderstandings regarding the anti-fraternization regulations.

A week before the treaty was signed, several chaplains through a misunderstanding informed the soldiers that marriages were permissible as soon as the Germans accepted the peace terms, officers say that a number of marriages took place before this belief was corrected by a special order from headquarters calling attention to the fact that until the United States ratified the treaty, Germany and America technically were at war and the regulation prohibiting fraternization was still in effect.

TO LAY ANOTHER SUBMARINE CABLE

Project of Laying Another Submarine Cable Between Japan and U. S. as Private Enterprise Making Headway—Four Lines Suggested.

Tokio.—(Correspondence of the Associated Press)—The project of laying another submarine cable line between Japan and the United States as a private enterprise with a view to facilitate and improve the telegraphic communications between the two countries is reported to be making headway. The plan is said to have secured the warm support of Japanese government authorities and of over thirty influential business men who are expected to finance the undertaking.

The organization committee headed by Kakichi Uchida, former vice minister of communications; Baron Kumakichi Nakajima and Baron Shibusawa, has entrusted the investigation of technical matters to the experts of the communications department, professors of the imperial university and engineers of the navy.

Four lines have now been suggested and investigations are being made as to which route is the most available. One proposed route would land at Vancouver, the other three routes at San Francisco. Two of the proposed routes would touch Honolulu.

The investigators say that the number of words handled on the Pacific cable during the past few years shows a yearly proportionate increase of about 35 per cent. About 5,000,000 words were carried in 1918.
